University regularly get Green, Energy & Environment audit conducted by independent agency.

The university staff also conduct daily monitoring of power consumption by maintaining record of KWH, KVA and power factor. This helps to keep check on electricity consumption. The generator set available at university campus is very rarely used (only in emergency)

The students and faculty members are encouraged to use the transport facility provided by the vendor. Those who commute on personal vehicles are encouraged to pool their vehicles to save fossil fuel consumption.

University has received the following awards for its efforts in environment conservation sustainability through participation in plantation activities-

- (1) Award from **Forest Department- Bikaner( Raj)** on 22.04.2018
- (2) Award from Rotary Club Bikaner for Plantation activities & for participation in "**Green & Clean Bikaner**" followed by students participation in **Walkathon** on 28-09-2019.
- (3) Award from Rotary Club for participation in "**Green Bikaner**" dated 04-08-2021.

Under "**You Plant We Grow**" campaign university invites school students to visit our campus and plant trees. University takes care of those plants. This develops a positive attitude in youths for environment conservation & plantations.

RNB Global University has adopted three nearby villages and regularly conducts various activities which educate and motivates the residents to preserve the environment.

**The students conduct various educational programs in form of Nukkad Natak & participate in rallies for environment conservation.**

Various environment related commemorative days are celebrated in the university. University encourages the community to participate in plantation activity every year.

5000 saplings were donated by RNBGU to Rotary club for plantation in year 2019.

Plucking flowers from ornamental plants is banned in university campus & students are sensitized for preserving the green cover.

University does not allow use of water color & fire crackers in the campus during any festival or occasion.

Proper signage have been installed for-

- Conserving energy
- No food wastage
- Save Water
- No Mobile use in class
